INSTRUCTIONS:

1. Cut out the headband strips and glue them together
2. Cut out all the leaves and flowers, curl their edges with scissors and glue onto the headband.

GLUE

GLUE

A close-up, low-angle shot of a pirate flag. The flag is made of a light brown, textured material, possibly canvas, and is divided into sections by dark stitching. In the center is a black skull with a red bandana tied around its head. The skull has white eye sockets and a wide, toothy grin. Two crossed swords are positioned in front of the skull. The blades of the swords are black with red stripes, and the hilt of the sword on the right is also black with red stripes. The flag is set against a clear, bright blue sky. The bottom edge of the frame shows the dark, silhouetted heads of people looking up at the flag.

Instructions:

1. Cut out your pirates and their accessories.
2. Decorate the Kakamora. Don't forget to draw their eyebrows!
3. Thread the string through the loops above their heads and you're done!
